

I am completely amazed that the FCC is going to allow Sinclair Broadcasting's to force their stations to air an anti-Kerry documentary. This is a clear example of the dangers of media consolidation.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter.

PLEASE DO SOMETHING TO STOP THIS!! I can not believe that something so outrageous and unfair would be permitted to take place. If the FCC can not do anything to stop this...who can?
